

NIGHT LIGHT WIRELESS SPEAKER

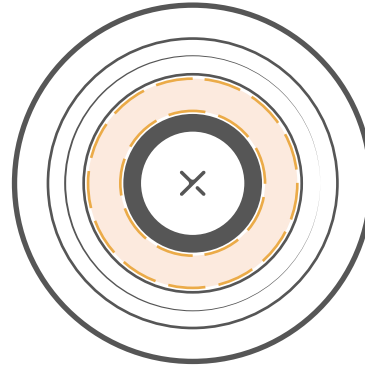

Wireless charger, bluetooth speaker and night light all rolled into one product with the Night Light Wireless Speaker. Create an ambient setting with 4 adjustable different lighting modes whilst listening to your favourite music, whether it's at your office or in the comfort of your own home. Simply place your phone on top of the Night Light to begin charging, the warm light will turn blue to indicate charging. Touch the light symbol to turn on the light, touch again to cycle through different light modes. With two generous branding areas this is the perfect desktop accessory to promote your brand!
